

SA-04-88

DATE: February 12, 1988

TO: All Employees

FROM: 429/Safety Manager, Head, Safety Engineering Branch,
SSQRD

SUBJECT: LaRC Safety Glasses Program

Langley Handbook 1710.4, "Personnel Protection-Clothing and Equipment," presents the Center's policy and instructions for eye and face protection. To provide better service to you, this program has been modified to include several optional frame styles. This change will be included in the next handbook revision.

All employees eligible for safety glasses may select from a variety of safety frames when replacing or acquiring new glasses. The standard issue safety glasses will remain available at no cost to the employee, but a cost of \$16.50 will be required if more stylish frames are requested. Payment upon receipt of glasses will be required.

If further information is needed, contact the undersigned.
